Subject: RE: Sheboygan reclassification - reconsideration petition & congressional letter

Deliberative Process / Ex. 5 it addresses the designation for the 2015 ozone NAAQS and how we should (or should not) consider the monitor that has historically been used for designating Sheboygan as nonattainment.

Subject: Sheboygan reclassification - reconsideration petition & congressional letter

Including folks for ozone, monitoring, transport, & reclassification, as this impacts all those areas.

It appears we have a petition for reconsideration of the Sheboygan reclassification, as well as a related Congressional letter. They are claiming that the lake-side monitor at issue is primarily measuring emissions transported to the area and should be replaced with info from a more inland monitor. These just came in, and it's not clear how OAR and/or Region 5 plan to respond, but I wanted to make sure you were all aware.

Subject: FW: Sheboygan letter?

Hi Megan and Kristi,

I don't know if you've heard about this letter requesting a change from the nonattainment designation for Sheboygan to attainment. We're starting to get calls on this in the Region. Thought you should know

Doug

Subject: RE: Sheboygan letter?

Hello-

I have attached the letter our office, along with Rep. Grothman, sent to Acting Admin. McCabe. Today, our office sent an e-mail out to some residents of Sheboygan County letting them know we sent the letter to EPA, however there is no mention that they should call the EPA. I would suspect that the calls are coming from that, since the letter was sent Feb. 10.

One of my coworkers gave me a message that Anna Wagner from EPA called on the same issue, but I haven't reached out to her yet. Please let me know if you have any questions.

Tyler

Subject: Sheboygan letter?

Hi Tyler,

It was nice meeting you in Milwaukee a couple of weeks ago. We are getting some citizen calls regarding a letter that Sen. Johnson sent to the EPA about Sheboygan County air quality. Would it be possible to get a copy of that letter? It will help us to respond.

Thanks,
John Mooney
EPA Region 5
